General Overview

Al Akhawayn University (AUI) is located in Ifrane, a resort town nestled in the Middle Atlas Mountains. Set in the heart of a region known for its beautiful forests, mountains, lakes and waterfalls, Ifrane provides an excellent backdrop for both intellectual and physical pursuits. Located just 60 kilometers from the historic cities of Fes and Meknes, Ifrane is easily accessible by automobile, bus and taxi.

The architecture of the campus blends with the distinctive building style of Ifrane, which consists of mountain chalets with high pitched roofs in the Alpine style. The campus is made up of large chalet-type buildings clustered around well manicured grassy areas. Aside from this environment designed to offer ideal working conditions to students, faculty and staff, the main campus grounds include several modern sport and leisure facilities.

Al Akhawayn University was officially inaugurated by the late King Hassan II on the 16th of January 1995. It is the first Moroccan Liberal arts institution of higher education and research that is based on the American model of education and that uses English as a medium of both instruction and administration. AUI is a unique Moroccan university of international scope, purpose and influence. While grounded in the historic strengths of African, Arab and Islamic culture, its organizational structure, curriculum and medium of instruction is modeled after the American Educational system. AUI emphasizes extensive faculty-student interaction, small classes, active involvement of students in formal research activities, careful academic advising, personal counseling, organized student activities and a full array of student support services.

Consistent with its emphasis on preparing students to become lifelong learners, AUI utilizes state of the art technology in support of both instruction and research, and students have access to the latest learning resources.

Buses, on the other hand, have more regular schedules. Twice a day, there are buses going to Fes, Meknes, Rabat and Casablanca. From one of these cities you can take other forms of transportation to continue your journey further. Bus tickets are inexpensive and are sold both at the CTM office in the Marché for CTM buses and also other bus companies further down from the CTM (ask your petit taxi driver). One important
Ifrane City

Where to eat in Ifrane
There are a few restaurants in town that vary in quality and price. The ones most often used by Al Akhawayn students include Forrest Restaurant, Perce Neige Hotel and Restaurant, La Paix, Beethoven, Platane, Aguelmam, Versailles and several other newly established restaurants.

Where to shop
In Ifrane you can do your shopping in the Central Market (Le Marché), where you will find small grocery shops, fruit and vegetable stands, butchers and more. You can also find small grocery stores at the town center as well as other parts of town. The weekend souk in Ifrane takes place on designated grounds on the outskirts of town off of Meknes road. There you will find people selling fruit and vegetables, eggs, groceries and much more at low prices. It usually runs from 8 a.m. to around 4 p.m. on Saturdays and Sundays.

The weekly souk in Azrou, which is around 18 Kms from Ifrane, takes place every Tuesday.

Transportation
There are about two dozen Petit Taxis operating in Ifrane. Many of them can be contacted by phone for pick-up. The phone numbers are posted at the main gate of the University.

Grand Taxis are also available for trips outside of Ifrane. You can get Grand Taxis for Fes, Meknes, Azrou, Imouzzer and other surrounding areas at reasonable prices. Prices range from 8 to 12 MAD for Azrou and Imouzzer and about 25 MAD for Fes and Meknes.

Taxi prices are a little higher starting in the late afternoon and into the evening. The Grand Taxi station is located in Hay Bir-Anzarane, next to Hay Essalam (ask your petit taxi driver). Grand taxis hold a maximum of 6 people, however, because of the low prices, if you wish to maximize comfort and minimize waiting time; you can choose to pay for more than one seat. Taxis can also be hired for special trips but the price must be negotiated in advance. If you’re coming to Ifrane by taxi, make sure you start out early enough, because there are fewer taxis going to Ifrane in the evening. Their frequency goes down at dusk.

Buses, on the other hand, have more regular schedules. Twice a day, there are buses going to Fes, Meknes, Rabat and Casablanca. From
thing that you must keep in mind is that with the CTM buses, luggage must be checked in and picked up at your destination upon arrival so make sure you keep your luggage claim receipt.

As for trains, there is no train service to and from Ifrane. The nearest train stations are in Meknes or Fes, where there are other train or bus connections with the rest of Morocco. Train prices are very affordable even if a little higher than bus prices. The trains are more comfortable than most buses and taxis. There is no need to make reservations for trains, but beware of travel before and after holidays; the trains can be packed, and you could be left standing at the lobby of the train station!

**Hospitals**
There is a small public hospital in Ifrane in Hay Al Atlas (Timeddikin) and another one in Azrou. There is a health center on campus. For emergency treatments however, patients are transported by ambulance to Meknes or Fez.

**Pharmacies**
Ifrane pharmacies are typically open from around 9am-8pm. If you have an emergency during non-opening hours, call one of the phone numbers below or knock on their doors at night even if you see that their lights are off.

- Michlifen (05-35-56-74-96) (in Centre Ville)
- Les Iris (05-35-56-75-76) (in the Marché)
- Belyazid (05-35-56-64-15) (Hay Salam "Pam" -- near the Marché)

**Post Offices**
The main post office is located in the town center across from La Paix Café. Operating hours are Monday through Friday from 8:30am to 4:00pm. Also, for convenience, there is a post office branch on campus in the basement of building 33. The campus branch is open Monday-Friday from 8:30am to 12:30pm and 1:00pm to 3:30pm. Services include mail service, money transfer (through Western Union), and all services offered by the regular post offices in Morocco. Operating hours are adjusted during the holy month of Ramadan.

**Banks**
There are four banks in town: Banque Populaire, Crédit Agricole, the BMCE, and AttijariWafa Bank La Banque Populaire (BP) is the main bank in Ifrane. It is the bank that the university uses to conduct its financial transactions. The bank is open from 8:15am to 3:30 pm. There are several cash machines in town that take Interbank cards. Also, for convenience, there are two ATM machines on campus, located in the basement of building 33 next to the Post Office.

*Note: Operating hours change during the holy month of Ramadan.

**Local and Regional Attractions**
Some of the main attractions include:
- Source Vitel (Vitel Spring) is within walking distance from campus. It is a nice couple of miles walk from Ifrane that ends at the spring with its small waterfall. There is a larger waterfall a bit further down the road at the Refuge.
- Cèdre Gouraud is the oldest and largest cedar tree in the area. You can get to it by car and if you start out early, you can see monkeys along the way. Be careful feeding the monkeys! They can get aggressive.
- Ain Aghbal is a private fish farm in Azrou that raises rainbow trout and salmon for various food products including smoked fillets. You can also purchase fresh fish to take home and cook for yourself!
- Michlifen Ski Resort is just 20 minutes away. Ski equipment can be rented in Ifrane. There are also sleds available for rent.
Campus Transportation

All students can use the University shuttle bus service. Tickets are available at the Campus Store and the Business Office. 50 MAD will get you a booklet that is good for 25 trips. The shuttle is free for residents of the University's Downtown and Annex residences. *Please bear in mind that the Bus Shuttle schedule and ticket price are subject to change without prior notice. You can find the most up-to-date schedule posted on the website. FOR YOUR SAFETY, SECURITY AGENTS WILL BE ON HAND TO ENSURE SAFE DRIVING ON CAMPUS.

**Safety Rules for the Prevention of Assault**
Assault prevention recommendations are not a guarantee to prevent incidents; however, when observed consistently, they will lower your risk of becoming a victim.

**Personal Safety When Walking**
- Avoid isolated areas such as the forest;
- Walk in groups at night. A person walking alone increases the chance of being assaulted. Attackers usually assault people who are alone and who cannot rely on a companion for aid;
- Select clothing that will not impede you from walking fast or running. In case you feel threatened and you have to escape from an attacker, uncomfortable shoes or tight pants can make running very difficult;
- Use the Van Shuttle. The Shuttle can take you from and back to campus. It has a set schedule all day. Make sure you get a copy of the schedule;
- When jogging, select a path that is secured, well lit and frequented by people. If you choose to run off-campus, we recommend staying close to the university in areas where you would be able to seek aid in case of trouble. Stay close to public places.

**What to do if you feel you are being followed:**
- Look at the person you suspect is following you and take note of any distinguishing physical characteristics in case you have to give an accurate description of the suspected person to the police or security.
- If someone is following you in a car, abruptly turn around and walk the other way. It will take a bit longer for the driver to turn around. Also try to memorize the suspect’s license plate number, car color, make and so on.

- Use your mobile to call the police at 19 or if close to campus, call campus security at 05 35 86 22 22. If you don’t have credit on your cell phone or you don’t own a cell phone, go into a public place to seek help.

**No Violence Alliance (NoVA)**
No Violence Alliance (NoVA) promotes a strong message that sexual violence and harassment have no place in the AUI community. Through communication, education, training, and advocacy for victims, NoVA provides support and guidance to a victim and assists him or her in the development of solutions in any case of physical, psychological or structural sexual violence and harassment.

Composed of volunteer faculty from all three schools, the LC, and ASI, and of volunteer staff including the counselors and the campus minister, and presently chaired by Professor Nancy Hottel of SHSS, NOVA is dedicated to helping assure a safe AUI community while striving to empower individuals to respond appropriately to sexual harassment and violence that they may experience or witness. Any person of the AUI community may disclose a case of sexual violence or harassment by calling NoVA’s 24/7 hotline at 06 0066 3172 (or on campus by calling 888 to connect to the hotline), by sending a message to nova@aui.ma. or by contacting NoVA members directly: SBA Duncan Rinehart, Asmaa Hilali; SSE Khalid Sendide, Kevin Smith; SHSS Katja Zvan-Elliott, Emily Roy, Aure Veyssiere; LC Yasmine Ouakrime; ASI Hiam El Hilali; Staff: Maurice Venables, Karen Smith.

All contacts are treated with full confidentiality: we report no information about our contact with you to anyone unless you request it.

**Health Center**
Al Akhawayn Health Center has four doctors, four nurses, and an Insurance Officer who processes health insurance claims. A doctor is on call 24 hours a day, 7 days a week. All students are automatically enrolled in the University health insurance plan.
The Health Center is conveniently located in Building 26. The Center’s hours of operation are from 8:00am to 11:00pm; however, medical consultations are from 9:00 am to 6:00 pm only. During business hours, the Health Center can be contacted at ext. 2057 or by email at: Healthcenter@aui.ma

In case of emergency or need for medical attention after working hours, please contact the Hall Director (Men – ext. 555, Women – ext. 3333) or the nurse on duty at 2057.

Dental Care
The Health Center offers dental care services as well. A dental clinic is open to the university community twice a week on Tuesdays and Fridays and upon request.

Physical Therapy
Physiotherapy services are also available to the community upon request.

**Room reservation for new students**

All in-coming freshmen must fill out a Housing Questionnaire immediately after admission to the university to indicate their housing preferences, request a particular roommate, residence hall, or room. Housing Services will make every reasonable effort to accommodate students’ requests but cannot guarantee all requests. Rooms are assigned on a first-come-first-served basis. Students who prefer to live off-campus, must notify Housing Services in advance. They must sign a release form indicating that they fully understand and agree that, in the future, on-campus housing is not guaranteed for them.

**Room reservation for current students**

Students who do not make a reservation ahead of time will have to seek housing off-campus. They may be housed on-campus only if space is available; when all other students are lodged and after payment of a late reservation fee. A Housing Calendar is communicated to all students prior to the start of each semester and summer session informing them of deadlines for room reservation and payment. It is the responsibility of each and every student to read the information and respect the deadlines. Excuses for missing the deadlines are not accepted.

**Length of students’ residency on-campus**

Housing & Residential Life does not guarantee housing for students for more than 8 semesters. In order to ease the transition of new students into university life and create a sense of community while assisting them in adjusting to their new environment, students who have resided on-campus for 8 semesters are advised to make the necessary arrangements for off campus housing during their remaining time at the university. This policy is also predicated on the fact that off campus living can be a great opportunity for junior and senior students to experience more independence. It also places more responsibility on them.

**Accommodation for students returning to AUI after academic suspension for one semester or more or dismissal**

Housing is not offered to students who have been suspended from AUI for one semester or more or those who elect to take time off for personal reasons. Re-admission into the university is not a guarantee for housing on-campus. Students who fall into this category should make their own housing arrangements in town. They may re-apply for on-campus housing, after one semester, when they are in good academic standing.

**Important note:**

Online reservations for the following categories of students will not be considered:

- Students who have been housed at AUI for nine semesters or more;
- Students who withdraw from the university for personal reasons;
- Students who chose to reside off-campus.

**Studio and Single Occupancy Requests**

Due to the limited number of studios and single rooms, Housing Services cannot satisfy all requests. Applications are recorded on waiting lists and requests are granted on a first-come-first-served basis.

With the purpose of enhancing openness and promoting transparency, all waiting lists for single rooms and studios are available online in the portal. Please refer questions about the lists to the Housing Office.

**NB:** Please be aware that single occupancy residences are NOT granted to students on the basis of a “Certificat
Medical” alone. Additionally, students who benefit from need-based financial aid are not eligible.

Requests for Room Change
Students can request a room or roommate change during the semester by contacting their Dorm Supervisor at the housing office. The Supervisor processes students’ requests in a systematic manner. Room changes are permitted during the first 2 weeks after the check-in period with the approval of the halls supervisors; depending on the merits of each particular request, and based on availability.

To meet all requests and to effectively manage the university housing facilities, students are not allowed to change rooms without permission from the Housing Office.

• Students who change rooms without permission will be required to move back to their original rooms and will be fined and charged for any damage to the room;
• All students making room changes must be properly checked-in and out of their respective rooms by a Hall Director;

Vacancies and Room Consolidation
Al Akhawayn University is a residential campus, and requires housing for all eligible students. Housing Services at AUI hopes to efficiently and effectively utilize all available spaces on-campus and other university owned residences to accommodate the housing needs of all students. It aims to assign each room in the residence halls to full capacity whenever possible. This practice allows providing campus housing opportunities to the highest possible number of students.

Each semester, housing vacancies occur for a variety of reasons such as roommate conflicts, change of a student’s academic plans, change of housing plans, medical or other emergencies, and so on. When such vacancies occur, rather than keep free beds, Housing Services staff assign or consolidate those vacancies into free rooms to meet other university housing needs.

Therefore, Housing Services shall move students residing alone in multiple occupancy rooms, to available free rooms as needed.

University Services

At the end of the first two weeks of each semester, students who end up alone in a double room are contacted and provided with the names of students in similar situations. When, a student is left without a roommate during the first two weeks of the semester he or she is given two options:

1. Reach an agreement with another student in the same situation (students are provided with a list of potential roommates).
   This option allows students to find someone they can get along with, or
2. If space is available, a student may request to remain in a double room alone. However, he or she must pay a single room rate for a double room.

Students are given a specific amount of time to determine the option that is most fitting for their situation. All roommates must be approved by Housing Services.

For those who do not find someone to room with, a drawing is held to determine who will move and who will stay in a particular room.

Any attempt on the part of the remaining students to discourage, refuse or intimidate a potential or newly assigned roommate shall not be tolerated and may lead to disciplinary action. If Housing Services staff receive information that a resident is discouraging prospective roommates, the student will be contacted by their Dorm Supervisor, and a report is submitted to the Housing Director for disciplinary action; which may include denial of housing privileges.

In the event of roommate conflicts, students are expected to resolve their issues i, a civil manner and may seek assistance from Residence Assistant, Hall Director, or Dorm Supervisor. If a conflict cannot be resolved, it is expected that the roommate who has the greatest issue with the living arrangement move to a different location. Roommates can not force a roommate out of the room, and any person doing so shall be brought before a Disciplinary Committee. Disciplinary action may result in housing denial for the semester and subsequent semester.

Housing Costs
*Room rates are per Resident and per Semester. These rates are subject to change without prior notice
Student Handbook and Planner 2016-2017

*Please note that SA4 and LA4 refer to two (small & large) rooms within one apartment that sleeps four people. SA4 is the small room and LA4 is the larger one within the apartment. Similarly, SA6 and LA6 refer to three rooms within one apartment that sleeps 6 people. SA6 is the small room and LA6 is the larger one in the apartment.

Check-in
During registration, each student must sign the check-in form of the room he/she is assigned before taking possession of the keys. It is worth mentioning that the check-in forms are prepared before the arrival of students. Therefore, it is very important that students inspect their room condition immediately at check-in and report any damages to the Housing Office. If nothing is reported within of taking possession of the room, the student will assume responsibility for any damage found in his/her room later on at check-out time.

Check-Out
At the end of a semester or summer session, students perform a total check-out from their rooms. Students will be informed in advance about the check-out deadline as well as the procedure for checking out. It is important to keep in mind that the Housing Officer will not continue with the checkout if a student's belongings are not completely removed from the room.

During check-out, the Housing Officer will use the check-in form from the beginning of the semester to make sure that the room is in the same condition it was in when the student took possession of it. The cost of fixing any damage done to the room or replacing any items that are missing will be charged to the student's account in accordance with the check-in and checkout policies. During the in-between semester breaks, students must return their room keys even if they intend to keep the same room for the upcoming semester.

Residential Life
Housing Services is committed to creating a safe, healthy and positive environment that is conducive to student personal growth and success through its Resident Assistants (RAs) program. RA’s presence inside the residence halls has a positive impact; they help students build their own community within the halls and act as role models and mentors. They also contribute to maintaining a positive living atmosphere among the residents by organizing social and educational activities that promote community living and team building.

The procedure for requesting this special service is published at http://sd.aui.ma/ITSS-Procedure.

**Computer Labs and Related Services**

The University strives to create a computer lab environment that helps students carry out the educational and research mission of the University. Because computers are an essential tool for quality education, ITS operates and maintains a number of open and purpose-specific computer Labs.

All computers operate under both Windows 7 and Linux environment, kept up to date, and equipped with a number of academic and entertainment software.

**Students digital Accounts**

ITS provides users with digital accounts to be able to use the University IT Resources:

- Network Account: each student owns a digital account in the AUI's digital domain. This account allows access to all computers in labs, and provides each student with a personal, secure, and confidential storage space of 2 GB on a safe, backed-up server: the N-Drive. The same
credentials are also used to access the Self-Printing Account user interface, and the SD Account,
- Printing Account: to be used for Pay4Print AUI Printers,
- Jenzabar Account: to be used for the Academic ERP System,
- Webmail Account: to be used for the Email Messaging System.

Communication and Collaboration Services
The University owns its own e-Mail messaging system hosted and managed by ITS. Every student has an AUI e-Mail account with a 4 GB storage quota. All data on this account are confidential and periodically backed up. Through this account, students have access to University announcements and news, can search for any other AUI member's e-mail by name, and address all members of the community via the "News" and "Events" e-channels. A number of mobile devices can be used to access e-Mail messaging system through GoMail!

Academic ERP System
The University owns and uses an Academic ERP (Entreprise Ressource Planning) System, named Jenzabar, for the management of students’ academic and campus related affairs. The system is a portal, for students, to all their academic and residential services. The different main services offered by Jenzabar are the following:

- Enroll in classes,
- Manage current courses,
- View the courses' content and materials provided by professors,
- Submit assignments,
- View/reserve rooms,
- View account information,
- View semester and general grade reports … and more.

Jenzabar system, accessible through http://my.aui.ma/ics, is also available on mobile devices.

Internet Access
The University owns a connection link of 650 Mbps. All dormitory rooms, classes, labs, library, and offices are equipped with Wired and Wi-Fi connection. Wi-Fi connection is also available at all University indoor and outdoor areas making Internet access ubiquitous at all University locations.

Academic Advising for Freshmen
Upon joining Al Akhawayn University, each entering Freshmen student is assigned a faculty adviser from their respective school. The main objective of academic advising is to insure that students take the right courses in the appropriate sequence. The role of the advisor is to discuss with the student advisee his/her choice of major, study plan, concerns regarding courses and workload. The advisor answers questions, guides, and provides help when needed.

Faculty Office Hours
Faculty members are available during the day to meet with students, office hours are posted on office doors, included in the syllabus, or on the faculty’s personal web page.

Writing Center
The Writing Center located in Building 15 offers assistance and consultations throughout the week for English written assignments as well as French (by request). Students can either drop-in or, preferably, make appointments for a one hour session Monday through Friday. E-mail requests for appointments can be sent to writingcenter@aui.ma.

Tutoring Services
These services offer students help with certain courses. The Tutoring Services Coordinator arranges tutors, rooms, and groups for weekly help sessions throughout the term. To take advantage of the service, contact tutoringservices@aui.ma early in the semester.

Tutoring Services for freshman students on Academic Probation
In order to increase student success, take responsibility for one’s learning, and ensure complete understanding concerning tutoring services, students on “at risk” list will sign an agreement with CLE Coordinator. The student under academic probation will be charged a 2,500 MAD fee each semester until she or he attains the Good Standing (GS) status. Once the student under probation achieves the GS status, she or he will no longer be charged the 2,500 MAD. If, however, the student loses the GS status after they are cleared, the 2,500 MAD will be reinstated and other academic probationary measures may be taken. The form will be kept on file at the CLE.

Registration
Student academic information, including course schedules and grades, are posted online using the university’s information system, EX Jenzabar. Students may access their personal information at the following website: my.aui.ma. EX Jenzabar also allows students to register for classes online each semester/session. Students are responsible for consulting their portal often in order to receive important academic messages, including instructions for registration and add/drop procedures. Further the portal not only provides students with information concerning academics (schedule, transcript, attendance, etc.), but it also provides financial information (invoices) for students’ convenience.

There are 3 main steps to the Course Registration Process:
1. Course Selection - students meet with their advisors to choose courses (and alternate courses). The advisor must approve the courses, and provide a registration clearance. The student must commit to registering for only the agreed upon courses.
2. Pre-Registration - students reserve their classes online during their designated time (based on the number of semester credit hours earned).
3. Add/Drop - students revise their schedule online as needed over an extended period of time. Note: Students with an academic hold will not be eligible to pre-register or add/drop courses online. They must go to Enrollment Services to complete these tasks.

For additional information, please see the Academic Catalog posted on the University website: http://www.aui.ma/DSA/Admissions/admission-eng/admissions-catalogue.html

FINANCIAL INFORMATION

**Tuition, Fees, Deposits and Refunds**

**Fees and Expenses**

All tuition and fees are due and payable before the beginning of each term. Special arrangements for payments in two installments may be made upon request. The cost for establishing a Deferred Payment Agreement is 250 MAD, if a student is qualified for AUI-sponsored Financial Aid or 500 MAD otherwise.

**Late or Failed Payments**

Failure to make the full payment of a debit balance by the due date (after the add/drop period) will automatically fall under the “Deferred Payment Agreement” category, and will result in a late payment fee equal to 2% of the remaining amount due for each late business week (Monday through Friday). For example, a payment that is 15 to 21 days late will result in a late payment fee equal to 6% of the required amount, up to a maximum of 3000 MAD.

Failure to make the second payment on time, including payment of any late fees, will result in the student being administratively withdrawn from the University. The University will take all legal action against the responsible party to collect unpaid amounts in accordance with the Deferred Payment Agreement. In addition, if installment dates are not respected, the student will be allowed to pay in installments in the future, and a financial hold will be applied, blocking preregistration for the following semester. Furthermore, no document will be provided, be it a certificate, an attestation, a transcript, or any other document. The student is the sole party responsible vis-à-vis the University with regard to payment matters. Payments can be made by wire transfers, cash deposit in banks, online credit card payments, or certified bank checks. They are subject to changes each academic year at the discretion of the Board of Trustees.

**Registration Fees: 5,100 MAD**

All registered students must pay registration fees regardless of status. Students who defend their theses, capstones, or internships before the end of a semester receive a prorated reimbursement of their registration fees. Registration fees cover such fixed costs as Student Health Services, student activities, athletics, swimming pool access, restaurant access and IT services.

**Tuition**

Semester tuition is calculated on the basis of total credits taken, except for students enrolled in the Language Center.

2: Graduate students enrolled in Foundation Courses are charged graduate tuition for these courses.

3: International applicants qualify for Moroccan tuition if 1) one parent is Moroccan, or 2) both parents are non-Moroccan but have lived in Morocco and paid income tax (IGR) here for more than five years.

4: Except for Language Center tuition and testing charges, visiting students pay the same fees as AUI students.

5: Students doing an internship as the last degree requirement and who will graduate immediately following the internship should register and pay the common fees. Students doing an internship who will not graduate immediately following the internship should not register or pay common fees. Instead, the internship will be charged and registered to the subsequent semester (fall).

### Summer Session Fees

Undergraduate and graduate students enrolled in summer session courses pay tuition according to registered credit hours. Other fees are fifty percent (50%) of the regular charges for a full semester. Students enrolled in the Language Center during the summer session should pay the equivalent of three credits for each LC course. Students enrolled in FAS courses during the summer pay the equivalent of two credits for each FAS course.

### Student Identification Cards (Cash Wallet)

Student Identification Cards (ID) are provided to enrolled students by the Business Office following the payment of all tuition. Replacement cards are available from the Business Office for a fee of 100 MAD. Students are responsible for providing their own photographs. In case of loss of the ID card (cash wallet), the student must notify the Business Office immediately in order to block the old card and issue a new one. Students are advised not to bring their cash wallet cards into close contact with a computer, laptop, TV set, printer, heater, or water.

### Cash Wallet

Cash Wallet refers to money applied to a student’s account and available for use on campus only (Restaurant & AUI store). Students make deposits to their cash wallet on an as-needed basis. At the end of the semester, the balance related to cash wallet is shown in the account of the following semester. The final refund of the balance can only be done at the end of schooling after the graduation ceremony, at the conclusion of the final clearance procedures.

The management of personal money for off-campus needs is the responsibility of the students themselves. The post office on campus offers students the possibility of opening savings accounts that provide them with flexibility in managing their money.

### Health Insurance

Health Insurance is mandatory for full-time students and all students living in University housing. Details concerning the University’s contracted insurance company and the coverage offered are available at the Student Health Center. Student health insurance premium amounts to 1,320 MAD for a full
year’s coverage, beginning in January. Students who enroll for the first time in fall pay 660 MAD for the period leading up to the start of the calendar year. This amount is subject to change. Insurance company representatives are available on campus during the registration period. Continuing students not enrolled during spring semester, and who enroll in summer or fall sessions pay 660MAD for the period leading up to the start of the calendar year. Students graduating in the spring semester are charged the annual insurance amount of 1,320 MAD which entitles them to 12-month coverage, including the period between graduation and the beginning of the next calendar year. They are not allowed a refund of the insurance premium balance since they benefit from the whole year insurance coverage.

and mentors to provide first semester students with the assistance they need to avoid possible pitfalls.

**Tutoring Services**
The CLE offers a combination of group tutoring sessions and private tutoring sessions. With the assistance of a tutor, students have the chance to review materials already covered in class, to apply the background knowledge they have acquired to problem solving, and to further consolidate understanding of concepts and problem solving skills.

**Mentoring Services**
The CLE offers mentoring services, where peer mentors assist first semester students in adapting quickly to Al Akhawayn University, how to select courses, how to work with teammates, and how to prepare for exams, etc…

Most students at Al Akhawayn University come from a non-American system of education. They generally move from a teacher-centered to a student centered system. The CLE strives to make this transition smooth and fruitful.

**Certification**
The CLE has been recertified by the College Reading and Learning Association (CRLA) for both its tutoring and mentoring training programs until 2018, assuring international standards when it comes to higher education assistance. Thus, the CLE mentors and tutors are trained and certified as well.

**Part-time Jobs**
The CLE is constantly on the lookout for new talents! At the end of each semester, we send a call for applications to all AUI students interested in joining us in any future openings we announce. Finally, the Center for Learning Excellence offers a comfortable space with cozy sofas where students can enjoy studying while sipping coffee or tea.

**The University Honors Program**
The University Honors Program is a unique learning journey, based on interdisciplinary seminars and explorations in research oriented classes, aiming at building an intellectual community of students who are ethical, creative, independent and critical thinkers. The Honors Program is a university wide opportunity for students in any AUI school. Selected faculty offer additional, more research oriented work for Honors students taking their class. Innovative in its own right, the Honors Program has produced several innovations including the University’s Undergraduate Research Program (URP) and the Honors Seminar, a weekly, three hour graduate style seminar that explores important, “big” ideas such as what it means to be human, and globalization in a multi-disciplinary, team taught format. Students are challenged to think deep and fast and to engage in intellectual “play” that is creative, insightful, and often profound. Faculty love exploring their specialties with highly motivated students.

We welcome your interest in and comments on our University Honors Program. Please contact us for more information or to discuss how the UHP can engage you by emailing uhp@aui.ma. http://www.aui.ma/en/academics/programs/honors-program.html

**International Academic Opportunities**

**Study Abroad**
AUI is by design and mission a highly internationalized university. The University’s academic programs foster an international perspective and international understanding and encourages students to study abroad for at least semester as part of their education. To that end, the Office of International Programs (OIP) advises AUI undergraduates and graduate students about studying abroad and administers several programs in 400 institutions in more than 50 countries around the world.

The OIP is the liaison for the academic partnership of the university. Managing the University’s educational cooperation and collaboration Agreements with selected academic institutions around the world that are developed in cooperation with Academic Affairs and the President.

For students there are a wide range of study abroad program options, and the exchange program is the most popular and is designed primarily for undergraduate students to literally exchange places with students from other institutions with which the university has signed an agreement. The exchange program is generally for one semester although there are exceptions. Some programs may be taken twice but on different continents and depending on availability.

For all study abroad programs, including planned educational leave, the credits which the student obtains at the host university can be transferred to AUI provided the student enrolls in those courses for which approval had been given prior to departure. Different programs have different criteria and students are encouraged to read the announcements, and plan for their studies abroad by working with the study abroad advisor of the OIP. For graduate level students is a limited capacity for which is determined by each graduate degree program. Information and opportunities about master or doctoral level programs are shared with graduating students.
For further information regarding studying abroad, students and parents are welcome to stop by the Office of International Programs which is located in building 10/ office n° 10, or contact the Study Abroad Advisors at OIPC@aui.ma and OIPM@aui.ma.

The Leadership Development Institute (LDI)

“Live, Learn, Lead” is AUI’s current motto. The LDI is where you will learn to be a leader. The LDI is unique in Morocco being the first student leadership program in the country, and providing real leadership training through skill-based workshops, experienced speakers, personal mentoring, and hands-on service projects. Our vision is to “Shift consciousness from traditional to a modern, servant, global paradigm of leadership.” Our mission is to “Develop leaders that serve.” The Leadership Development Institute integrates transformational, servant, social change and other models of leadership with best practices in student development and an active learning process of social engagement with a global perspective. We work primarily in Morocco and the MENA region to change the way leadership is viewed and done.

The LDI seeks to graduate students with the leadership skills and values needed to lead highly effective economic and social development programs both in Morocco and in other countries. Furthermore, the LDI seeks to be exemplary in all that it does and to develop and maintain high credibility and legitimacy, and high standards of performance in its programs and for its students, staff and faculty. We have adapted best practices and research on leadership development to the culture of Morocco and the leadership needs of AUI students. The LDI empowers students to take initiative and follow-through on their commitments, to live and lead with integrity and credibility.
The foundation of our first year program is our skill building workshops through which you will develop:

- Ethical leadership,
- Effective interpersonal skills,
- Effective public communication,
- Event planning,
- Running a meeting,
- Conflict management,
- Social responsibility,
- Leading change,
- Creative problem solving,
- Taking initiative and risk.

Students who finish the program earn a certificate of completion, a co-curricular transcript, and the opportunity to continue in the LDI’s second year with a scholarship.

In order to encourage students to practice these leadership skills and to promote effective leadership in Morocco, the LDI conducts the annual Leader of the Year Award (LOTY). This award currently recognizes outstanding leadership in associations in the Fez-Meknes region. Through this service, LDIs come to see how they can make a real difference in peoples’ lives through leadership. And they gain the confidence needed to work with people from all levels of society. It is a unique and distinctive opportunity for students in the LDI. Contact us at ldi@aui.ma or visit our webpage http://www.aui.ma/en/ldi.

Community Involvement Program
The Community Involvement Program (CIP) is a free core curriculum component for all AUI undergraduate students; it includes the following three non-credit courses: CIP 1001 Human Development in Morocco, CIP 1002 The Role of Civil Society in Human Development, and CIP 2000 Community Involvement Fieldwork.

CIP grading policy
• For CIP 1001 & 1002:
  - Attend (ATT) or Fail to Attend (FA)
• For CIP 2000 (Round Table + Report):
  - In Progress (IP): if a student registers for CIP 2000, attends the round table and submits a report that is not validated. The student needs to resubmit a revised report according to the deadlines set by the CIP office. Failure to submit a revised report that is validated by an assigned reader will yield a Fail grade.
  - Pass (P): If a student registers for CIP 2000, attends the round table and validates his/her report.
  - Fail (F): If a student registers for CIP 2000 and does not attend the round table; or attends the round table but does not submit a report; or attends the round table, submits a report that does not meet CIP report standards (less than 70%). The concerned student should re-do CIP 2000 the following semester.

Important:
- Reports are submitted ONLY after attending Round Tables.
- Both MUST be completed during the same semester.

CIP helps students understand themselves, their community and their role; develop personally, professionally and academically; apply their skills and knowledge to societal problems; build capacity for learning and leadership;
CIP aims to create leaders who are change-makers; who realize their own potential and promote capacity building for the people with the people, and who, can instill in others a desire to make their lives and communities the best they can be.

Locally in the Ifrane region: students can spread out their 60 hours of service as a weekly activity throughout a semester at a local site near to the university;
Across Morocco: students can complete the 60 hours as an intensive placement during a mid or between semester break in sites all over Morocco.
Abroad: students can propose to conduct their service internationally with an accredited not for profit organization and upon approval from the CIP Office before the student departs.

The Fieldwork – Terms and Conditions
• Fieldwork must be unpaid;

• Completed in addition to class obligations and not part of another requirement for which credit is received;
• Conducted outside of the student's academic timetable;
• Exclusive fundraising is not acceptable: a portion of your time can be dedicated towards this if the service site identifies it as a need but the main focus should be on service that involves face to face contact and interaction with the beneficiaries;

This is not to undermine your efforts but simply because the intention of the program is for you to get out into the field.

A list of the eligible members will be set up by the election board with the help of the Student Activities Office. Each student shall vote for at most one candidate that is enrolled in the same school and level.

ARTICLE 38
The Board of Election is responsible for supervising the voting and publishing the ballot. It will be constituted of reelected members within the student government and six freshmen volunteers. Duties of the Board of Election consist of ensuring that candidates fulfill eligibility criteria, with the help of the Student Activities Office, supervising of the voting procedures, and in the publication of the results of the elections. All elections are supervised by the DSA through the Student Activities Office.

ARTICLE 39
The general elections shall take place each year in mid November.

ARTICLE 40
Proposed amendments to this constitution must be formulated by the General Assembly or proposed by a petition signed by ten percent of the Student Body. Following an interim period of two weeks, the proposed amendment may be ratified by an affirmative two-thirds majority vote of the General Assembly. Ratified amendments must
then be forwarded to the DSA. The amendments go into effect immediately after their ratification by the General Assembly and their formal acceptance by the university administration.

**ARTICLE 41**
An SGA member who accumulates four unjustified absences or shows negligence to the tasks assigned to him/her shall be automatically replaced.

**ARTICLE 42**
Members of the Executive Board shall be either confirmed or reelected the following semester. Votes shall take place within the first two weeks of the following semester by all remaining SGA members.
Student Conduct

It is the responsibility of all new and continuing students both degree-seeking and transient, to thoroughly read this information and understand it. Joining the University implies acceptance of the terms and conditions of all University rules and regulations currently in place or that shall be adopted and published later. The information contained herein shall become legally binding. Students may seek assistance from University staff and faculty members to make sure they understand all the information included herein. This information addresses issues such as Academic Honesty, Student Code of Conduct and discipline as well as other AUI departmental regulations.

It is the expectation of Al Akhawayn University in Ifrane (AUI) that all community members conduct themselves with maturity and responsibility in accordance with internal university regulations, national laws and particularly the provisions of the Dahir (Royal Decree), bearing law No.1-93-227, dated 3rd Rabia II 1414 Hijra (Corresponding to September 20th, 1993), founding of AUI. All students, faculty and staff members are expected to maintain decent standards of behavior that are conducive to the smooth functioning of AUI institution.

Attendance Policy

Regular attendance and participation in all class meetings in which a student is registered are expected. Beyond merely attending each class, students are expected to participate actively and not remain passive learners. It is the instructor’s responsibility to set, and to communicate to students, the participation requirements for each course. Except for excused absences authorized by the University, the degree to which classroom participation is required, and whether or not work missed by a student during an absence may be made up, is at the discretion of the instructor. In addition, specific attendance requirements and absence policies apply in the Intensive and Super Intensive English Programs of the Language Center. Please Check with administration of the Center, and with your instructors for details.

Studies have shown that attendance is a key factor in academic success. Any absence, regardless of the reason, will prevent the student from getting the full benefit of the course. Therefore,
students should be aware of the consequences of poor attendance, recognize the advantages of class attendance and punctuality, and consider it a personal responsibility.

**Policy**

Attendance is controlled by faculty members.

1. **Excused Absences**: Students may be authorized by instructors to be absent from class for institutional reasons as specified in 1.1, and 1.2 below. However, the instructor may deny the student permission to be absent if the student’s academic performance is not judged to be adequate. Once approved, these absences should not count in the student’s absence record. Instructors should be informed before the absence to agree with the student on a suitable time and manner for make-up should it be necessary. A maximum of three of these absences per semester may be authorized.

   1.1 **External Events**: The student must submit a completed and signed form from the Student Activities Office, the Athletic Department or the Dean of Student Affairs to the instructor. Examples of these absences include participation in University-sponsored sports, cultural or other events as a University representative.

   1.2 **Field Trips**: Participation in a field trip as part of a class requirement or as authorized by a Dean: The Dean’s assistant of the school offering or authorizing the trip should sign the absence request form.

   1.3 **Death in the Family**: In the event of death in the family, students are allowed three days to mourn the death of a member of their immediate family such as spouse, father, mother, brother, sister, son or daughter. For a grandparent, the period is two days. As for other relatives such as an uncle, aunt, cousin or other close family member, the student is allowed one day only. However, consideration is given to those students who must travel long distances. All students must provide justification such as a copy of the death certificate to the Office of the Dean of Student Affairs who in turn informs the concerned faculty members.

   1.4 **Illness**: In case of protracted illness or emergency hospitalization, students must fax supporting documents to the DSA’s Office within 48 hours. If necessary, the Office will then inform faculty members of the situation.

   As for short illnesses, students must produce a medical certificate from the AUI Health Center to be validated at the DSA’s office. The student can then present the certificate to the concerned professor for consideration and approval.

   **N.B. Outdated certificates shall not accepted by the health center.**

   All absences are recorded by faculty until the student returns. Students must submit all medical documents to the University Health Center for validation. Please note that extended illness may invalidate the semester. No other excuse or justification will be accepted. Students should be prepared in case they have to be absent for personal or family reasons.

   Please note that Visa appointments, Driver’s License exams, or any other similar events shall be deducted from the authorized number of absences allowed during the semester/session.

2. **Ceilings** before a WF is assigned: When a student exceeds the ceiling given below, the instructor may sign an administrative withdrawal form for the following classes:

   2.1 Classes that meet twice a week, the ceiling is set at 5 absences per semester.

   2.2 Classes that meet three times a week, the maximum number is 7 per semester.

   2.3 Classes that meet five times a week, the absence ceiling is 7 per semester.

   2.4 For summer classes, the ceiling is set at 5 absences for the session.

3. **Pre-authorized absences**: Notification of planned absences using the Absence Request Form available at the Student Activities Office must be delivered to the instructor for approval. Once he/she signs and dates the form, the instructor will then inform the student of the deadline for completion of any missed assignment or examination where applicable. Make-up examinations, if necessary and acceptable to the instructor, shall be at a time and place mutually agreed upon by the instructor and student.

   3.1 Faculty members are responsible for recording absences in the system.

   3.2 During the Add and Drop period, no absence is accepted in a course; add and drop should be done outside class time.

   3.3 In case of a late registration, students assume full responsibility for their absences as recorded from the first day of classes.

**Administrative Withdrawal**

When a student exceeds the maximum number of absences, the instructor has the right to drop a student from a course with a "WF" grade.

Special hardship cases as stated in 1.3 and 1.4 may be referred to the Office of the Dean of Student Affairs for consideration. The Administrative Withdrawal Form must reach the Registrar’s Office at least five days before the start of final exams.
Academic Honesty
It is the aim of the AUI faculty to foster a spirit of honesty and a high standard of integrity. The attempt of students to present as their own any work which they have not produced is a most serious offense and makes the offenders subject to serious consequences, including suspension. The instructor is responsible for initiating action for dishonesty or plagiarism that occurs in his/her class. In cases where there is convincing evidence of academic dishonesty, plagiarism, or falsification, the instructor should take appropriate action. Before taking such action however, the instructor should discuss the matter with the student involved.

Cheating
Cheating on examinations and quizzes or on written assignments, illegally obtaining exams, the use of unauthorized notes during an exam or quiz, sharing information during an exam with other students, collaboration with others in cheating, and altering grade records are all instances of cheating. Complete honesty is required of students in the presentation of any and all phases of course work as their own. This applies to all quizzes, as well as to all tests, exams, daily reports, lab work and term papers.

Plagiarism
Offering the work of another as one's own, without proper acknowledgment, is plagiarism. Any student who fails to give credit for direct quotations or paraphrases from material taken from books, encyclopedias, magazines and other reference works or from the themes, reports or other writings of a fellow student is guilty of plagiarism. Reusing work performed for another course is also considered plagiarism; even if it is your own work, it cannot be used to fulfill more than one purpose.

Falsifying Documents
Any attempt to forge or alter academic documents, transcripts, grade reports, letters of recommendation, certificates of enrollment, registration forms, add/drop forms, medical certification of absence, or any other document submitted to the University for an administrative procedure is subject to disciplinary action.

Academic Disciplinary Procedure
It is the responsibility of the student to adhere to the university’s academic ethics policy. Students are to have a high standard of honesty and integrity.

Each School/Center has a Disciplinary Sub-Committee that is made up of the Dean/Director of the School/Center where the suspected violation occurred, the coordinator, the concerned faculty member, the student's academic advisor, and an ad hoc member appointed by the Dean/Director of the School/Center. The Student Disciplinary Sub-Committee is chaired by the Dean of the School or Director of the Center (or an appointed representative). The committee considers the evidence and recommends a course of action as outlined below. Recommendations are made by a majority vote in committee. Investigation of suspected breaches of academic ethics is dealt with as follows:
1. Receipt of a formal request for an ethics investigation in writing by the Dean or Director of School or Center.
2. An Ethics Sub-Committee is then convened
3. A hearing date is scheduled
4. The student under investigation is notified in writing of the impending administrative action
5. All relevant documentation is supplied/colllected (as necessary)
6. Individuals concerned are called to testify (as necessary)
7. The Sub-Committee then deliberates and a recommendation is made the Dean of the School.
8. The student is then informed of the outcome.
In the event the student appeals the sub-committee's decision, the case is then forwarded to the University Disciplinary Committee. Serious cases may be referred by the academic unit directly to the

Non-Academic Conduct
The Royal Dahir bearing law No, 1-93-227 stipulates that “Immediate suspension of any student may be decided by the President in case of violation of university regulations, particularly for conduct contrary to good morals and ethics or for illegal use, possession and distribution of drugs or psychotropic substance.”

Defamation: libel and slander
Defamation is the communication of a false statement that harms the reputation of an individual, business, product, group, government, religion, or nation. It is a heinous act that is defined here the lowly oral (slander), written, or electronic publication of a false statement of act (libel) that exposes a member of the University to loss of the good will and confidence of others, or harm their reputation
as to deter others from associating with the person or the University. If proven, it could lead to suspension or expulsion from the University under the provision of the University Code of Conduct. Instances of such prohibited behavior that are clearly minor, may be resolved at the DSA's office level.

**Failure to comply with directives of a University Official**

Students are also expected to comply with instructions given by University officers while performing their duties. Refusals to comply with their instructions and provide identification when requested, or providing false and/or misleading information or giving false reports makes the offender subject to disciplinary action.

**Disrespecting a university officer, staff or faculty member**

It is the expectation of the university that students will conduct themselves in a civil manner. Disrespecting a member of the university is not tolerated and is severely sanctioned with up to one year suspension or in some cases expulsion may be warranted.

**Frivolous Accusations and False Testimony**

Frivolous accusations and false testimony can lead to very serious consequences and are thus considered offences here at AUI. If suspected and proven, they are sanctioned by up to expulsion from the university.

**Visitation between members of the opposite gender**

Students are prohibited from visiting other students from the opposite sex. This policy is strictly enforced. Students should not mix in the same dorm room under any circumstance whatsoever.

Breach of this rule is considered a serious offence punisheable by up to expulsion from the University.

**Hot plates and Hookas**

Hotplates and water pipes are fire hazards; their use in residences is forbidden. When found in a dorm room, they are confiscated and violators are subject to a stiff fine and disciplinary action including denial of on campus housing privileges.

Random room inspections are performed by Security in the presence of an SGA representative and a staff member from housing.

- 1st violation, a fine of 400 MAD is imposed on the violator and a warning that the next violation will be stiffer.
- 2nd violation, a stiffer fine of 1000 MAD is imposed and the student is warned that she/he may lose housing privilege for the following semester.
- 3rd violation, the culprit is informed that he/she will be denied housing for the next semester.

However, periodic awareness campaigns are organized to sensitize students to the dangers posed by the use of such apparatus in hall residences.

**Smoking**

Smoking in buildings is absolutely prohibited. For safety reasons, smoke detectors have been installed in all rooms. All buildings are smoke free areas and no smoking is allowed within 2 meters from residence buildings. Violators of the non-smoking policy may be subject to stiff fines and disciplinary action including denial of on-campus housing privileges.

**Tampering with Fire Extinguishers/Smoke Detectors and Fire Alarms**

Playing with extinguishers, removing or covering smoke detectors, and misusing fire alarms are strictly prohibited. Violators are subject to very stiff fines and/or loss of on-campus housing. The University also reserves the right to refer the matter to the justice system.

**Drugs and Alcoholic Beverages**

It is strictly prohibited to possess, manufacture, use, sell or distribute illegal drugs or alcoholic substances or any other intoxicating substance on university grounds. Same applies to persons found in a state of drunkenness or intoxication on university grounds. The university reserves the right to search rooms and belongings to enforce its regulations using sniffer dogs if necessary. Students suspected of drug use may be asked to submit to drug tests. Refusing an inspection or refusing to submit to these tests will be construed as admission of guilt and the student is then subject to disciplinary action. However, the University offers counseling and medical services to students who have an addiction problem and wish to seek help. Confidentiality and full assistance are guaranteed to those who request it. University security and housing staff are entrusted with the task of ascertaining whether students are complying with acceptable standards in this respect and of reporting any violations.

Engaging in any controlled substance activity is a serious violation punishable by expulsion from the university.

**Drug Paraphernalia**

Paraphernalia is any tool used to use or dispense illicit drugs. These
include pipes used to smoke weed, water pipes, sebsis, rolling papers, rollers, syringes or any other tool for drug use. It is prohibited to possess or keep such items on university premises. Possession of paraphernalia can result in loss of housing privileges, suspension, or even expulsion from the university.

Alcohol Test at the Gate
- Before a decision is made whether a test should be administered and if there is sufficient reason to believe a student is intoxicated such as slurred speech, loudness, belligerence, etc., the student is subjected to a physical sobriety test first (i.e. walking is a straight line to determine if they can maintain their balance.) - If a person fails the physical test and there is sufficient reason that warrants administering the alcohol test, the student is then asked to blow in the breathalyzer to determine the amount of alcohol in his/her system.
- The alcohol blood ratio will be based on Moroccan law.

Sexual Offences and Sexual Harassment
Al Akhawayn University does not tolerate sexual harassment or offence, and most cases are also punishable under Moroccan law. Penalties for sexual offences or sexual harassment assessed by the University extend up to expulsion from the University, and those who harass or commit sexual offences may be sued by victims through the Moroccan justice system.

Sexual coercion is any act of using physical, verbal, and emotional pressure, alcohol or drugs, or force to have sexual contact with someone against her/his will.

Consent is defined as freely expressed willingness to participate in mutually agreed upon sexual activity and may be withdrawn at any time.

Consent is not present when physical force, threats, intimidation, and or coercion are used. Consent is the agreement by choice. Silence does not constitute consent.

Rape is defined as sexual intercourse of any kind when no consent is given or where consent is withdrawn. This includes any non consensual sexual act by a friend, partner, expartner, acquaintance, colleague, a family member, and/or a stranger achieved by use of physical force, coercion, deception, or threat, and/or when the victim is mentally or physically incapacitated or impaired for any reason (including voluntary or involuntary alcohol or drug consumption), asleep or unconscious.

Attempted rape is an attempt to commit rape in which the perpetrator makes a substantial but unsuccessful effort to rape the victim.

Support for Cases of Sexual Offences or Sexual Harassment
If a member of AUI has concerns about the nature of any conduct or physical contact by an employee (faculty and staff) or by a student, they may discuss their concern with a member of the No Violence Alliance (NoVA): nova@aui.ma: or telephone 0600663172 (or the on-campus extension 888). All such discussions will be kept full confidence for those of majority age and with complete discretion in all cases. At the request of a complainant, NoVA will work to obtain protection, assistance in getting harassment to stop, medical help, psychological/emotional support, and/or legal information and support in filing official complaints and assuring that formal complaints are investigated and adjudicated promptly.

Public Display of Affection (PDA)
Holding hands, friendly hugging and kissing on the cheek can be acceptable gestures to show your affection. However, because of their offensive nature to other community members, parents and visitors alike, acts like lying down, sitting on laps, fondling, French kissing or any deeper passionate contact on university grounds shall be interpreted as Public Displays of Affection (PDA). Students are expected to conduct themselves within the limits of common sense and propriety. Violators may be subject to disciplinary action up to, and including, but not limited to student expulsion.

Physical and Verbal Abuse
Intentionally causing physical injury to another person, striking, shoving, kicking or otherwise subjecting a person or persons to
physical pain or threatening to do so is a serious offense. Using racial slurs, insulting, scaring, swearing, cursing or using bad language against an AUI community member or visitor on university grounds, including the sports complex and housing areas, are strictly prohibited. Communicating by telephone, e-mail, voicemail or any other electronic or written communication in a manner likely to cause annoyance or alarm is also prohibited.

Harassment

Communicating by telephone, e-mail, voicemail or any other electronic or written communication in a manner likely to cause annoyance or alarm may constitute harassment and is also prohibited. The offence is serious and may result in up to suspension from the University.

Racism
Racism is defined as the belief that there are innate differences among the various human races which determine who they are, their level of intelligence and achievement. This belief usually involves the idea that one's own race is superior to others. (Dictionary.com) Using racial slurs, insulting, scaring, swearing, cursing or using bad language against an AUI community member or visitor on university grounds including the sports complex and housing areas are strictly prohibited.

Vandalism, Fire & Safety
Destroying, damaging or defacing University property, other on-campus businesses or any other property is prohibited. Students are liable for all damage they cause, whether intentionally or unintentionally, unless the damage is the result of a defect of the object damaged. Living in a forest environment and in housing mainly built with wood has its risks. Therefore, tampering with fire-safety equipment or the fire alarm, carelessly igniting fire on University grounds or inside buildings is prohibited. The use or storage of candles, kerosene lamps, electric stoves, hotplates or other open-flame devices or combustible substances in residence halls or on University grounds without prior approval from Housing Services is strictly prohibited. Any reckless or intentional actions which could endanger the safety of oneself or others, or which result in physical harm to oneself or others or in damage to University property are prohibited. In addition, the use of bicycles, roller skates or similar devices on University grounds is also prohibited except in areas specifically designated.

Theft
Theft, attempt thereof, or knowingly possessing stolen propertyis prohibited. Removal of University property from one place to another without proper authorization may be considered theft. Unauthorized use of property or service of the University or University businesses is also classified as theft. User IDs and passwords are assigned to individuals. They are for the exclusive use of the individuals to whom they are assigned. Individuals are responsible for any wrongdoing traced to their user IDs. Gaining or attempting to gain unauthorized access to user IDs, computers, accounts or networks is prohibited.

Smoking
Smoking is NOT allowed in covered areas and within 2 meters from buildings. It is prohibited inside all AUI facilities and buildings,
including residence corridors, offices, and classrooms. Smoking is also prohibited in open-air high density gatherings, such as sports events, outdoor concerts, etc. Violators may be subject to a wide range of sanctions from fines, to loss of housing privileges, to banning from some activities or events, to suspension in repeat cases.

**Dress Code**
Appropriate clothing is required, particularly in classes and offices. Students are urged to dress decently while on campus. All students are required to respect the institution and its values.

**Respect for the Environment**
Students are expected to respect the environment by disposing of waste in the designated trash receptacles located throughout campus. In addition, students should be aware that walking or sitting and congregating on the grass is not allowed and thus should be avoided at all times. Finally, students should do their best to conserve water and energy on campus.

**Gambling**
Gambling or any activities related to gambling, where money or possessions are exchanged, are prohibited. Card games are permitted on campus as long as no illegal transactions are made.

**Public Order**
Students are free to voice dissent in an orderly manner in all legally permitted ways, including, but not limited to, writing articles, making suggestions, submitting petitions and seeing the persons in charge directly. **Badges and Identification**
All AUI personnel and students shall carry an AUI ID at all times on University grounds. The existing IDs can be used for this purpose and will be considered as access permits to university grounds.

**Campus Curfew**
In order to assure an environment conducive to academic study, students who leave campus and are planning to return must do so by 12:00 am (midnight), Sunday through Thursday, which are the nights prior to a class day. There is no curfew for Friday or Saturday night unless the next day is a make-up class day.

Curfew applies when coming to campus starting at midnight:
- 1st time violation, student will be asked to provide an explanation in writing.
- 2nd time violation, student must perform 10 hours of service to university. He/she will be directed to one of the departments to spend the 10 hours.

He is put on notice that he must make arrangements for his own housing outside of campus. The student can appeal the decision to the President within 48 hours from receipt of the letter. The appeal is not a guarantee that the decision will be reversed. If this violation happens during the semester of graduation, the curfew violator will be fined 500 MAD.

**Discipline at AUI**
The university is committed to providing an environment where sensitivity, tolerance, and respect are maintained for all members.
of the university community and the larger community in which it resides. Imposed sanctions are intended to facilitate these goals. While they may initially be perceived as harsh or punitive, their purpose is to promote an environment in which good citizenship can flourish among and between students and other members of the university community.

This university recognizes that a student’s personal circumstances, developmental stage, or lack of maturity can get in the way of his/her success at a given time; however, reasonable growth and/or change in behavior may warrant a second chance. The sanctions listed below are intended to hold students accountable for violations of the Student Code of Conduct. It is important to keep in mind that previous violations may be taken into consideration when determining sanctions. Students are held responsible, not only for their behavior, but also that of their guests while on campus. Sanctions may be imposed on the student when his/her guest, who is not a student of the university, violates the university’s rules and regulations. Students are strongly advised and encouraged to consult with the SGA with regards to their rights and responsibilities under the Student Code of Conduct and Disciplinary Procedures.

**Disciplinary Proceedings**

The aim of the disciplinary process is to determine whether a violation of AUI’s Student Code of Conduct has occurred and, if so, what appropriate sanctions should be imposed. The student disciplinary process is administrative in nature and is not meant to be a court-like process. However, the accused student is presumed innocent until proven otherwise. He or she is treated with the respect that they deserve and are entitled to. It is worth noting that at times, minor deviations from the procedures below will not invalidate a decision unless they substantially bias and impact the accused student(s).

**Authority**

Authority is vested in the Student Disciplinary Committee by the University President, who has a final say on the imposed sanctions. The Student Disciplinary Committee administers the Disciplinary Procedures. The Committee’s responsibility is to ensure the fair and respectful administration of the disciplinary process when reviewing incidents involving violations of the Student Code of Conduct.

**Sanctioning Guidelines**

Al Akhawayn University sanctioning guidelines are by no means comprehensive. The purpose of the guidelines is to ensure a certain level of consistency with sanctioning. The Committee reserves the right to stray away from the guidelines if the circumstances require it and a rationale can be provided for doing so.

**How Sanctions are used**

Please note that an attempt is always made by the Committee to pair both administrative sanctions and educational conditions to achieve outcomes that educational institution's discipline processes are normally aimed to achieve.

If a student has a prior disciplinary history, the nature of the prior violations and the sanctions and conditions imposed are considered by the Student Disciplinary Committee in determining appropriate sanctions and conditions for the most recent violation.

**Off Campus Conduct/Breach of Laws**

University students are subject to civil and criminal law of the Kingdom of Morocco. The University will not carry out disciplinary procedures when a student is charged off-campus with a crime or a violation of the law until such time that the matter is settled by the relevant judicial authority. The University may however suspend the student in case of serious offenses.

The university however, reserves the right to apply its disciplinary procedures if and when it is deemed necessary. Students who breach national laws or university rules off campus, when such conduct is likely to have an adverse effect on the image of the university, or affects the student’s fitness as a member of the university community, are subject to reasonable and appropriate disciplinary action, including suspension and expulsion.

**Complaint Procedure**

**FILING AN INCIDENT/COMPLAINT REPORT**

An incident report is a detailed, written description of an alleged violation or incident. Any member of the university community may report a suspected violation of the Student Code of Conduct, in writing, to the Security Department. Complaints must be filed immediately after the incident that precipitated the complaint.

**PRELIMINARY REVIEW OF COMPLAINT**

Upon receipt of the incident report, the DSA office conducts a preliminary review of the complaint by questioning persons thought
to have knowledge of the particular incident, including the alleged violator. If a person alleged to have violated the Student Code of Conduct is questioned, he/she must be informed of the nature of the related incident and that he/she is being investigated. The official conducting the investigation does the following:
- Gathers facts about the case through interviews of all involved including witnesses, reports, and any other evidence relevant to the case.
- Invites the student and informs him/her of the alleged misconduct, the Student Code of Conduct and disciplinary procedure, the findings of the investigation including the evidence, and the potential charges.
- Allows the student to respond to the findings.
- Informs the student of the right to an informal hearing with the Administrative Committee.

A case is first considered to determine if the case is serious enough and whether:
1. The case involves an infraction of the Student Code of Conduct or
2. The case can be resolved through arbitration, if it is a dispute, or
3. The case is serious and warrants referral to the Disciplinary Committee.

The Informal Hearing
If the Administrative Committee determines that the case is not serious enough to refer to the Disciplinary Committee, or if the evidence is clear and the accused admits to the violation, an informal hearing is scheduled and all parties involved are invited to the hearing. The informal hearing is designed to give the student(s) involved in an infraction or a dispute the chance to take responsibility for their own actions and/or resolve differences in a civil manner. If the student(s) agrees to resolve the conflict through mediation and/or accept sanctions determined by the Administrative Committee, a written summary of the case including a statement of the evidence, findings, and sanctions is signed by the student(s). A copy is then filed with the office of the DSA and a copy is provided to the student. This concludes the case and the sanctions, if any, are then implemented.

If the student does not accept the sanctions proposed by the Administrative Committee or if the Committee determines that the allegation(s) or reports of misconduct are serious and are not unfounded, a statement of charges with supporting evidence including a list of witnesses along with a notice of entitlement to a hearing is sent to the student(s) involved. A date and time for the hearing is specified and all involved are invited to appear before the Disciplinary Committee.

The Formal Hearing
NOTIFICATION OF COMPLAINT
If the Office of Student Affairs finds that there is sufficient information or basis to support the complaint, the alleged violator will be notified of the complaint in writing of the date, time, and place of the hearing, by email (return-receipt requested), and the notice will be hand-delivered to the student’s campus residence or address as it appears in the Registrar’s Records.

DISCIPLINARY COMMITTEE HEARING
The Disciplinary Committee consists of members of the university community selected by the President or his/her designee in consultation with the deans of the various academic divisions.
- After the student has been given notice of the complaint, a meeting of the Student Disciplinary Committee is held with all interested parties; the alleged violator of the Code of Conduct, the plaintiff or person submitting the incident report, if necessary, and the witnesses, if any, to determine all the facts surrounding the incident.
- The Committee shall review all of the findings and impose appropriate sanctions or make a recommendation, which will be sent to the President for his/her final approval.
- Failure to respond and/or participate in either the Preliminary Review or the Disciplinary Committee Review will result in a decision being made in the student’s absence.

Order of Proceedings
The Chair of the Disciplinary Committee shall bring the hearing to order and shall proceed in the following manner:
- Introduce the case to the Committee;
- Read charges against student(s);
- Explain the rights of the parties and entertain questions from them concerning the procedures to be followed;
- Present evidence in support of the charges;
- The accused student shall present evidence in his/her defense against charges.
Evidence

The term evidence refers to the means by which alleged facts are either proved or disproved. It includes the testimony of witnesses and documentary or objective exhibits offered by the parties.

The Chair of the Committee shall have the final say about the admissibility of evidence, the credibility of the witnesses, the weight to be given to the evidence or any inference drawn from it.

The members of the committee may ask questions of witnesses or the parties as may be deemed appropriate to ascertain the facts, or to aid the Chair in deciding upon the admissibility of evidence, the credibility of a witness, or the weight to be given to evidence admitted.

*Please note that the university reserves the right to require and administer drug and/or alcohol tests.

Decisions

The members of the Committee then deliberate and a vote is taken regarding the decision.

A written decision is then prepared by the office of the Dean of Student Affairs describing the charges, findings, and conclusions. If the student is found responsible for any of the charges, the disciplinary action shall be stated in the decision. A copy of the decision shall be delivered to the student’s campus residence and the original shall be made a part of the record of the case.

Record of Hearing

The record in a disciplinary proceeding shall consist of:

- a copy of the statement of charges and evidence required;
- a copy of the notice required;
- all motions or requests presented to the Chair of the Committee by all parties;
- All agreements entered into by the parties;
- Minutes of the proceedings and any transcript thereof;
- All evidence presented at the hearing;
- The decision of the Committee.

Upon rendition of a decision, the Chair shall certify to the completeness of the record and it shall become a record of the Office of the Dean of Student Affairs.

The contents of the record shall be separate from the student’s academic record. It will not be open to public inspection, but will be available to the personnel of the University, the University System and the student involved. The record may also be available in the event of an appeal of the decision of the Committee or the institution.

*The record in the disciplinary case as described in sub-section A of this section may be destroyed by the Discipline Coordinator four years after final disposition of the case. Prior to destroying the record, the DSA’s designated official prepares a record that includes the name of the student involved, the nature of the charge, the penalty assessed, the final disposition of the case, and such other information as may be deemed pertinent to be maintained as permanent confidential record which may be released only in accordance with sub-section B of this section.

Notation of Penalty by Registrar

The designated discipline official shall notify the Registrar when one of the following penalties is imposed in a disciplinary case:

- Barring from re-admission
- Dropping from enrollment
- Withholding of degree or transcripts
- Denial of degree or transcripts
- Suspension from the University
- Expulsion from the University

The Registrar may make a permanent notation of such action on the transcript of the student involved, or a note may be attached to the student’s record stating that a hold has been placed on the transcript and/or enrollment. The note shall be removed from the transcript upon expiration of the period of which the action was taken.

Nature of Disciplinary Sanctions

Any one or more of the actions listed below may be imposed upon a student who has engaged in conduct which violates a rule, regulation, or administrative order of the University and/or Moroccan law. The disciplinary action assessed in a particular case will depend upon the nature of the conduct involved and the circumstances and conditions which existed at the time the student engaged in such conduct.

The following is a list of possible sanctions that may be imposed on violators of the Student Code of Conduct. Other penalty may be imposed as deemed appropriate under the circumstances.

1. ORAL WARNING

The student is called in to the DSA office and a verbal warning is delivered. Clear instructions are given to the student specifying that...
the behavior violates the Student Code of Conduct, the behavior must stop, and recurrence of the conduct may be cause for more serious sanctions. The warning is recorded and placed in the student’s file.

2. WRITTEN WARNING
A formal written notification is delivered to the student expressing disapproval of conduct and listing the University rules or regulations that were breached. The notification also states that continuation or repetition of the conduct, within a specified period of time, may be cause for more serious disciplinary action.

3. FINES
The student may be required to pay a fine to the university. Failure to do so will result in a registration block, the withholding of a student’s transcript and/or denial of either graduation or continued enrollment at the university.

4. RESTITUTION
The student may be required to pay for damage or loss caused to either university or individual property. Failure to do so will result in a registration block, the withholding of a student’s transcript and/or denial of either graduation or continued enrollment at the university.

5. COMMUNITY SERVICE WORK
The student may be required to perform a specific number of hours of community service work to be accomplished in a specific time. It is important to keep in mind that Community Service is not considered as a punishment but rather as a positive act of kindness to make up for a breach of the Student Code of Conduct.

6. DISCIPLINARY PROBATION
A written notification is imposed and delivered to the student indicating that he/she is at risk and that any further violation of the Student Code of Conduct while on disciplinary probation may result in suspension or expulsion.

7. RESTRICTION
The student may be denied privileges or use of certain university facilities or the right to participate in certain activities for a specified period of time.

8. TERMINATION OF HOUSING PRIVILEGE
The student may be denied the privilege of living on campus or in any university accommodations off campus. Residents must be aware that any student dismissed from the university housing for disciplinary reasons is not entitled to a refund of his/her housing charges, including the deposit.

9. ACADEMIC SUSPENSION
A student may be suspended for a set period of time ranging from one to two semesters and may not attend classes, take examinations or participate in activities. Suspension may require fulfillment of conditions for re-admission. In case student filing appeal is readmitted, university housing is not guaranteed. The student must find his/her own accommodation outside of the university.

10. EXPULSION
A student may be dismissed from the university and asked to vacate the university property effective immediately. Readmission will not be considered.

11. EMERGENCY SUSPENSION
An immediate emergency suspension may be imposed on a student by the President of the university, or a senior officer authorized by the President, when, in the judgment of the President, such action appears necessary for reasons relating to a student’s physical or emotional safety and well-being, or for the well-being of members of the university community, or to prevent damage or theft of university property.

12. DURATION OF SUSPENSION
Emergency suspension may remain in effect until the Student Disciplinary Committee has taken action with regard to the student and the student complies satisfactorily with the Committee’s requirements. However, the suspension may be lifted earlier by action of the President or an authorized senior officer.

13. EXPEDITED HEARING
A student suspended under the emergency authority may request an expedited hearing before the Disciplinary Committee. The panel shall schedule a hearing within two (2) school days of the request or as soon thereafter as possible.

* Please note that housing is not offered to students who have been placed under suspension for a semester or more. Re-admission into the university is not a guarantee for housing on-campus. Students who fall into this category should make housing arrangements in town. They

Students who fall into this category should make housing arrangements in town. They may reapply for on-campus housing, after one semester, when they are in good academic standing.

Multiple Charges
It is not necessary to list every charge that may apply to an incident. Rather, the Committee chooses the most appropriate charges to respond to the incident keeping in mind the educational and developmental objectives of the discipline process.

Student’s Prior Records
If a student has a prior violations history, that history is examined by the University Disciplinary Committee. If the nature of the offense(s) Student Conduct are similar to the current offense (i.e., both involve smoking, both involve violence, both involve disorderly conduct etc), the sanction will generally be graduated from one incident to the next. For example, a student who received a written warning for an incident involving smoking indoors will generally receive a minimum of disciplinary probation, restriction, or other more serious sanction for a second incident involving smoking.

Students who engage in violations that are motivated by race, ethnic origin, ability, gender, and/or sexual orientation may receive escalated sanctions.

Restrainting Orders/Behavior Contracts
A restraining order or behavior contract is a written agreement about how the individual must behave. It will indicate the appropriate consequence should the student neglect to behave according to the contract. The behavior contract is often an effective form of behavior modification.

Developing the Contract
The contract is usually written in collaboration with the student. It is wise to involve the parent under certain circumstances. The contract includes the following:
- The goal. (i.e. Will stay within a 100 meters from someone or something or will not try to contact directly or through others… etc.)
- The consequence should the student not adhere to the terms of the contract/order.
- Time should be clearly stated in the contract.
- Set a date for reviewing the contract or lifting the order.

Appeal Process

Timing for Appeals
Once sanctions are imposed, the sanctioned student has the right to appeal on the grounds listed below.
1. Appeals must be filed in writing with the President or his/ her designee within two (2) school days of receipt of a decision.
Sanctions imposed will remain in effect pending appeal.
2. The appeal shall specify the basis of the appeal. Failure to file a timely written appeal shall constitute a waiver of any right to appeal.

Grounds for Appeal
1. A decision may be appealed if it can be clearly and specifically demonstrated that sufficient evidence shows that the sanctioned student was denied a fair review.
2. Sanctions may be appealed only when it can be established that there is an obvious discrepancy between the violation and the imposed sanctions (the punishment does not fit the conduct violation).
3. Sanctions may be appealed if they cause undue hardship on the student’s ability to continue or pursue his/her studies and/or stay in school.

General Provisions
1. Students are responsible for strict adherence to all deadlines and procedures for the filing of appeals.

3. Documents filed in an appeal shall become part of the record.
4. All documents related to the proceedings shall be available to the Student Disciplinary Committee.

**Other Provisions**

An accused student who fails to appear at a disciplinary hearing shall be suspended from the University. Notice of suspension shall be issued by the DSA or his/her designate and will remain in effect until such time as the accused student shall appear before the DSA or his designee and a new date and time for a disciplinary hearing is set. Failure to appear for a second time without intervention of extraordinary circumstances will result in expulsion from the University.

**Basis of Review of Appeal**

- The President of the University or his/her designee shall be responsible for reviewing all appeals.
- The procedures to be used in reviewing an appeal, and for providing notification of the decision, will be determined by the President or his/her designee.
- The decision of the President or his/her designee is final.

The President may approve, reject, or modify the decision in question, or may require that the original hearing be reopened for the presentation of additional evidence and reconsideration of the decision. If the appeals denied, the original decision stays and is implemented. However, if a decision is upheld in a case involving the illegal use, possession and/or sale of a drug or narcotic on campus, the penalty may not be reduced below the minimum penalty prescribed for such an offence.

Arguments either in support of or against the decision under review will be considered and the outcome will be communicated in writing to the party involved. The outcome of an appeal review will be communicated in writing to the accused student as soon as it is issued by the President.

**Student Clubs and Organizations Discipline**

Student organizations, which are officially recognized by the university, shall be prohibited from engaging in, or authorizing its members to engage in, actions which are considered violations of the Student Code of Conduct.

**Student Conduct**

**Procedures**

1. A committee that is composed of SAO officers and members of the SGA and designated by the DSA is authorized to investigate complaints against student organizations and, if necessary, charge the organization for violation of the Student Code of Conduct.
2. Charges will be served on the principal officer of the organization (the President). The organization must respond in writing within five (5) school days of receipt of the notice.
3. Failure to submit a timely response will constitute an admission of the allegations stated in the notice and may result in sanctions being imposed on the organization.
4. The Office of Student Activities may suspend the activities of the charged organization pending the review of the complaint.
5. The Committee will review the charges and response from the charged organization to determine whether or not the organization violated the Student Code of Conduct. If it is found that the organization violated the Code of Conduct, the Committee will recommend the appropriate sanction to the DSA.

**Sanctions**

1. Any student organization found in violation of the Student Code of Conduct shall be subject to revocation of their charter to operate. The DSA office may impose a lesser sanction as deemed appropriate.
2. Disciplinary sanction of a student organization will not preclude disciplinary action for an individual student if he/she is specifically charged in the same incident. Charges against individual students will be reviewed as outlined above.

Appeals by student organizations The Dean of Student Affairs or his/her designees shall hear appeals for the decisions made regarding student organizations using the procedures described above.
