Please note that in order to be eligible for a part-time job, you must have spent two regular semesters of study or earned a minimum of 30 credits. A regular semester is one in which the student takes at least 4 courses outside the Language Center. You may also be aware that you are required to work a maximum of up to 10 hours per week. Part time job is no longer automatically guaranteed from one semester to another. Rather, it is contingent upon student's demonstrated financial need, work-study performance evaluation, and vacancies available as well as academic achievement.
