

Zineb El Ouazzani

My name is Zineb El Ouazzani, RA of building 37. I have been an RA for two semesters now and I can say that I really enjoy doing so. I did my bachelor degree at AUI at the School of Business Administration and I am currently preparing my MBA. Being an RA means a lot to me simply because I care about people. The important thing for me is that residents feel comfortable in their dorms and enjoy their stay as much as possible. For that matter, I try to organize as much event s as possible and to be present for my residents.

What do I like to do? So many things; starting from playing tennis to reading, watching movies and listening to music. So join the movement and come to me at anytime with your ideas (or not☺) in building 37. If you cannot find me, then just follow the arrows, they will lead you to me!

Activities of all kinds are waiting for you!
